September 3, 2013

The Honorable President and Members Of the Board of Education Byram Township School District County of Sussex, New Jersey

Dear Board Members:

The comprehensive annual financial report of the Byram Township School District (the "District") for the fiscal year ended June 30, 2013, is hereby submitted. Responsibility for the accuracy of the data and completeness and fairness of the presentation, including all disclosures, rests with the management of the Board of Education (the "Board). To the best of our knowledge and belief, the data presented in this report is accurate in all material respects and is reported in a manner designed to present fairly the basic financial statements and results of operations of the District. All disclosures necessary to enable the reader to gain an understanding of the District's financial activities have been included.

The comprehensive annual financial report is presented in four sections: introductory, financial, statistical and single audit. The introductory section includes this transmittal, the District's organizational chart, a roster of officials and a list of consultants and advisors. The financial section includes the Independent Auditor's Report, the management's discussion and analysis, the basic financial statements and notes providing an overview of the District's financial position and operating results, and supplementary schedules providing detailed budgetary information. The statistical section includes selected economic and demographic information, financial trends and the fiscal capacity of the District, generally presented on a multi-year basis. The District is required to undergo an annual single audit in conformity with the provisions of the Single Audit Act Amendments of 1996 and the U.S. Office of Management and Budget Circular A-133, Audits of States, Local Governments and Nonprofit Organizations, and the New Jersey OMB Circular NJOMB 04-04, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Information related to this single audit, including the auditors' report on the internal control and compliance with applicable laws, regulations, contracts and grants along with findings and questioned costs, are included in the single audit section of this report.

1) <u>REPORTING ENTITY AND ITS SERVICES</u>: The Byram Township School District is an independent reporting entity within the criteria adopted by the Government Accounting Standards Board ("GASB") in codification section 2100. All funds of the District are included in this report. The Byram Township School District and all its schools constitute the District's reporting entity.

The Honorable President and Members of the Board of Education
Byram Township School District
Page 2
September 3, 2013

The District provides a full range of educational services appropriate to grade levels Pre-K through 8. These include regular as well as special education for handicapped youngsters, remedial support for non-classified students in need, an autistic program, and enrichment activities for our gifted students.

The District completed the 2012-2013 fiscal year with an average daily enrollment of 958 students, which is a decrease of 76 students from the previous year's enrollment. The District's average daily enrollments for the past eight years is presented below:

	Average Daily Enrollment	
Fiscal Year	Student Enrollment	Percent Change
2012-13	958	7.35%
2011-12	1,034	0%
2010-11	1,032	-4.71%
2009-10	1,083	-3.60%
2008-09	1,122	-4.46%
2007-08	1,172	0.26%
2006-07	1,163	1.39%
2005-06	1,147	-5.13%

- 2) ECONOMIC CONDITION AND OUTLOOK: Byram Township was established on February 5, 1798 and covers more than 22.48 square miles. Byram Township is known as the "Township of Lakes" having more than two dozen lakes and ponds. Byram's proximity to both Route 80 and 206 was instrumental in the increase in population from 1950 to approximately 8,400 in 2010. Township officials say the township will continue to focus on "regulated growth" so as to minimize the impact on township resources.
- 3) MAJOR INITIATIVES: In the 2012-2013 school year Byram Township Schools continued to focus our efforts on 'teaching and learning'. This includes not only providing the students what they need to be successful, but proper staffing, professional development, and training to achieve that goal. One main academic focus continues to be the consistent improvement of Language Arts development and NJASK scores to not only meet, but exceed the NJDOE progress target goals set for the district. The district plans to increase the amount of technology available to our students as we move toward a more paperless environment. This will of course allow us to incorporate more technology into lessons and improve instructional strategies to continue to develop our young learners and prepare them with 21<sup>st</sup> century skills. The district Technology Plan will help guide us through this undertaking over the next few years. Study Island, a technology based program to help students focus on necessary reinforcement of skills continues to be implemented district wide. This instrument can be, and is utilized for benchmark assessments for students to demonstrate growth in achievement. The district also

increased the amount of time dedicated to the mathematics courses in the Intermediate school in 2012-2013. The Honorable President and Members of the Board of Education

Byram Township School District

Page 3

September 3, 2013

Students are now enrolled in math classes for two periods per day as opposed to the one period in past years. We are already seeing great progress as a result. The hope is to continuously support those students that need additional reinforcement and to challenge those higher achieving math students taking all students to a new level. The most widespread and exciting initiative the district has adopted has been the implementation of Reader's Workshop approach to help develop reading and comprehension skills of the students. This endeavor has been a few years in the making. We are excited as this program will be fully implemented in all grades K-8 starting the 2013-2014 school year.

4) INTERNAL ACCOUNTING CONTROLS: Management of the District is responsible for establishing and maintaining an internal control system designed to ensure that the assets of the District are protected from loss, theft or misuse and to ensure that adequate accounting data are compiled to allow for the preparation of financial statements in conformity with generally accepted accounting principles (GAAP). The internal control system is designed to provide reasonable, but not absolute, assurance that these objectives are met. The concept of reasonable assurance recognizes that (1) the cost of a control should not exceed the benefits likely to be derived; and (2) the valuation of costs and benefits requires estimates and judgments by management.

As a recipient of federal and state awards, the District also is responsible for ensuring that an adequate internal control system is in place to ensure compliance with applicable laws and regulations related to those programs. This internal control structure is also subject to periodic evaluation by the District's management.

As part of the District's single audit described earlier, tests are made to determine the adequacy of the internal control system, including that portion related to major federal and state award programs, as well as to determine that the District has complied with applicable laws, regulations, contracts and grant agreements.

5) BUDGETARY CONTROLS: In addition to internal accounting controls, the District maintains budgetary controls. The objective of these budgetary controls is to ensure the compliance with legal provisions embodies in the annual appropriated budget approved by the voters of the municipality. Annual appropriated budgets are adopted for the general fund, the special revenue fund and the debt service fund. Project length budgets are approved for the capital improvements accounted for in the capital projects fund. The final budget amount as amended for the fiscal year is reflected in the financial section.

An encumbrance accounting system is used to record outstanding purchase commitments on a line item basis. Open encumbrances at year-end are either canceled or are included as re-appropriations of fund balance in the subsequent year. Those amounts to be re-appropriated are reported as assigned fund balance at June 30, 2013.

<u>6) ACCOUNTING SYSTEM REPORTS:</u> The District's accounting records reflect generally accepted accounting principles, as promulgated by the GASB. The accounting system of the District is organized on the basis of funds. The funds are explained in "Notes to the Basic Financial Statements", Note 2.

The Honorable President and Members of the Board of Education Byram Township School District Page 4 September 3, 2013

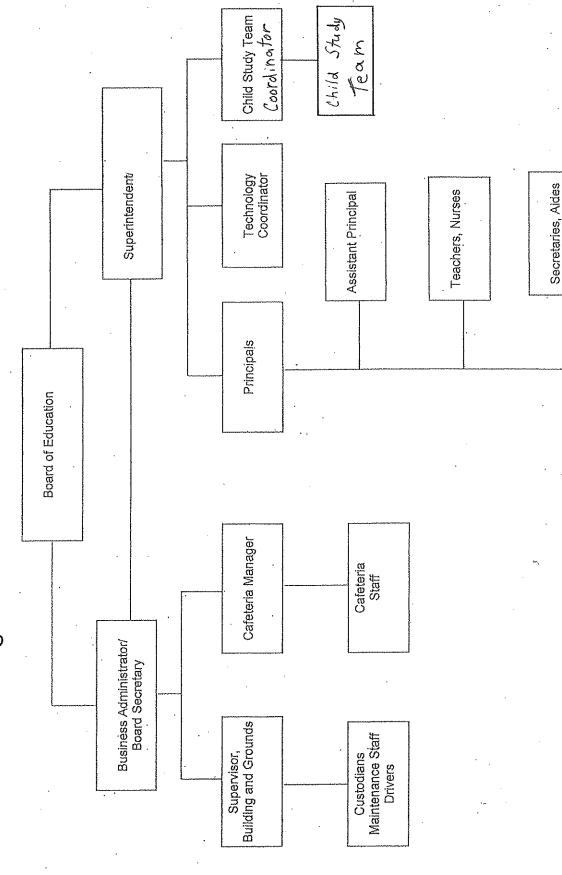

- 7) CASH MANAGEMENT: The investment policy of the District is guided in large part by state statute as detailed in "Notes to the Basic Financial Statements", Note 3. The District has adopted a cash management plan which required it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ('GUDPA"). GUDPA was enacted in 1970 to protect governmental units from a loss of funds on deposit with a failed banking institution in New Jersey. The law requires governmental units to deposit public funds only in public depositories located in New Jersey, where the funds are secured in accordance with the Act.
- 8) RISK MANAGEMENT: The Board carries various forms of insurance, including, but not limited to, general liability, automobile liability and comprehensive/collision, hazard and theft insurance on property and contents, and fidelity bonds. The School Alliance Insurance Fund (SAIF) oversees risk management for the District. A schedule of insurance coverage is found on Exhibit J-20.

The Board is a member of the School Alliance Insurance Fund (SAIF). SAIF is a risk-sharing public entity risk pool that is both an insured and self-administered group of school districts established for the purpose of providing low-cost insurance coverage to their members. Additional information on the SAIF is included in Note 11 to the Basic Financial Statements.

- 9) DEBT ADMINISTRATION: At June 30, 2013, the District had \$5,205,000.00 in outstanding bonds, \$54,420.57 in outstanding loans under the Safe Schools and Small Projects programs, and \$162,491 in Early Retirement Incentive Program obligations and \$49,710.34 for Capital Leases.
- 10) OTHER INFORMATION: Independent Audit State statutes require an annual audit by independent certified public accountants or registered municipal accountants. The accounting firm of Ferraioli, Wielkotz, Cerullo & Cuva was selected by the Board of Education at its last organization meeting. In addition to meeting the Single Audit Act Amendments of 1996 and the related Federal OMB Circular A-133, Audits of States, Local Governments, and Nonprofit Organizations, and the New Jersey OMB Circular NJOMB 04-04, Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. The auditor's report on the basic financial statements and specific required supplementary information is included in the single audit section of this report.
- 11) ACKNOWLEDGMENTS: We would like to express our appreciation to the members of the Byram Township board of Education for their concern in providing fiscal accountability to the citizens and taxpayers of the school district and thereby contributing their full support to the development and maintenance of our financial operation. The preparation of this report could not have been accomplished without the efficient and dedicated services of the financial and accounting staff.

Respectfully submitted,	
Bryan Kensz	Theresa Linskey

#### INDEPENDENT AUDITOR'S REPORT

Honorable President and Members of the Board of Education Byram Township School District County of Sussex, New Jersey

#### Report on the Financial Statements

We have audited the accompanying financial statements of the governmental activities, the business-type activities, each major fund and the aggregate remaining fund information of the Board of Education of the Byram Township School District, in the County of Sussex, State of New Jersey, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements as listed in the table of contents. These financial statements are the responsibility of the Byram Township Board of Education's management. Our responsibility is to express opinions on these financial statements based on our audit.

#### Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatements, whether due to fraud or error.

#### Auditor's Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America, the audit requirements prescribed by the Office of School Finance, Department of Education, State of New Jersey, and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

Honorable President and Members of the Board of Education Page 2.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditor's judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions.

#### **Opinions**

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, business-type activities, each major fund, and the aggregate remaining fund information of the Byram Township Board of Education, in the County of Sussex, State of New Jersey, as of June 30, 2013, and the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and Budgetary Comparison Information on pages 12 - 22 and 58 - 65 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of the financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Honorable President and Members of the Board of Education Page 3.

#### Other Information

Our audit was conducted for the purpose of forming opinions on the financial statements that collectively comprise the Byram Township Board of Education's basic financial statements. The other supplementary information listed in the table of contents and schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and the schedule of expenditures of state financial assistance as required by NJ OMB 04-04 and the introductory section and statistical section are presented for purposes of additional analysis and are not a required part of the basic financial statements.

The other supplemental information listed in the table of contents and the schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations,* and the schedule of expenditures of state financial assistance as required by NJ OMB 04-04 are the responsibility of management and were derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. Such information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the other supplemental information listed in the table of contents, schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations,* and the schedule of expenditures of state financial assistance as required by NJ OMB 04-04 are fairly stated, in all material respects, in relation to the basic financial statements as a whole.

The introductory section and statistical data section has not been subject to the auditing procedures applied in the audit of the basic financial statements, and accordingly, we do not express an opinion or provide any assurance on it.

#### Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated September 3, 2013 on our consideration of the Byram Township Board of Education's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements and other matters. The purpose of that report is to

Honorable President and Members of the Board of Education Page 4.

describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Byram Township Board of Education's internal control over financial reporting and compliance.

# REQUIRED SUPPLEMENTARY INFORMATION - PART I

#### MANAGEMENT DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2013 UNAUDITED

As management of the Byram Township Board of Education (the "School District"), we offer readers of the School District's financial statements this narrative overview and analysis of the financial activities of Byram Township Board of Education for the fiscal year ended June 30, 2013.

The management's discussion and analysis is provided at the beginning of the audit to provide an overall review of the past and current position of the School District's financial condition. This summary should not be taken as a replacement for the audit which consists of the financial statements and other supplemental information that presents all the School District's revenues and expenditures by program for the General Fund, Special Revenue Fund, Debt Service Fund and Enterprise Fund.

#### **FINANCIAL HIGHLIGHTS**

- In total, net position increased \$722,944.18, which represents an 7.07% increase from 2012. Net position of governmental activities increased \$756,438.35 while net position of business-type activity decreased by \$33,494.17. These variances are primarily the result of excess miscellaneous revenues and unexpended budget appropriations in 2012-13 and decreased operating revenues of the business-type activities.
- General revenues accounted for \$16,005,878.64 in revenue or 96.82 percent of all district revenues. Program specific revenues in the form of charges for services and sales, grants and contributions accounted for \$525,979.97 or 3.18 percent of total revenues of \$16,531,858.61.
- The School District had \$15,542,751.54 in expenses related to governmental activities; only \$293,315.60 of these expenses were offset by program specific charges for services, grants or contributions. General revenues (primarily grants, entitlements and property taxes) of \$16,005,874.29 were adequate to provide for these programs.

#### **USING THIS ANNUAL REPORT**

This discussion and analysis are intended to serve as an introduction to the Byram Township Board of Education's basic financial statements. The Byram Township Board of Education's basic financial statements are comprised of three components: 1) district-wide financial statements, 2) fund financial statements, and 3) notes to the financial statements. This report also contains other supplementary information in addition to the basic financial statements themselves.

#### MANAGEMENT DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2013 UNAUDITED (continued)

#### **USING THIS ANNUAL REPORT, (continued)**

#### **District-Wide Financial Statements**

The *district-wide financial statements* are designed to provide readers with a broad overview of the Byram Township Board of Education's finances, in a manner similar to a private-sector business.

The *statement of net position* presents information on all of the Byram Township Board of Education's assets and liabilities using the accrual basis of accounting, with the difference between the two reported as *net position*. Over time, increases or decreases in net position may serve as a useful indicator of whether the financial position of the Byram Township Board of Education is improvement or deteriorating.

The statement of activities presents information showing how the government's net position changed during the most recent fiscal year. All changes in net position are reported as soon as the underlying event giving rise to the change occurs, regardless of the timing of related cash flows. Thus, revenues and expenses are reported in this statement for some items that will only result in cash flows in future fiscal periods.

Both of the district-wide financial statements distinguish functions of the Byram Township Board of Education that are principally supported by taxes and intergovernmental revenues (*governmental activities*) from other functions that are intended to recover all or a significant portion of their costs through user fees and charges (*business-type activities*). The governmental activities of the Byram Township Board of Education include instruction, support services and special schools. The business-type activities of the Byram Township Board of Education include the food service program.

#### **Fund Financial Statements**

A *fund* is a grouping of related accounts that is used to maintain control over resources that have been segregated for specific activities or objectives. The Byram Township Board of Education, like other state and local governments, uses fund accounting to ensure and demonstrate compliance with finance-related legal requirements. All of these funds of the Byram Township Board of Education can be divided into three categories: governmental funds, proprietary funds, and fiduciary funds.

#### MANAGEMENT DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2013 UNAUDITED (continued)

#### **USING THIS ANNUAL REPORT, (continued)**

#### Governmental Funds

Governmental funds are used to account for essentially the same functions reported as governmental activities in the district-wide financial statements. However, unlike the district-wide financial statements, governmental fund financial statements focus on near-term inflows and outflow of spendable resources, as well as on balances of spendable resources available at the end of the fiscal year. Such information may be useful in evaluating a District's near-term financing requirements.

Because the focus of governmental funds is narrower than that of the district-wide financial statements, it is useful to compare the information presented for *governmental funds* with similar information presented for *governmental activities* in the district-wide financial statements. By doing so, readers may better understand the long-term impact of the District's near-term financing decisions. Both the governmental fund balance sheet and the governmental fund statement of revenues, expenditures, and changes in fund balances provide a reconciliation to facilitate this comparison between *governmental funds* and *governmental activities*.

The Byram Township Board of Education maintains three individual governmental funds. Information is presented separately in the governmental fund balance sheet and in the governmental fund statement of revenues, expenditures, and changes in fund balances for the general fund, special revenue fund, and debt service fund which are all considered to be major funds.

The Byram Township Board of Education adopts annual appropriated budgets for its governmental funds except for the capital projects fund. A budgetary comparison statement has been provided for the general fund, special revenue fund and debt service fund to demonstrate compliance with their budgets.

#### **Proprietary Funds**

The Byram Township Board of Education maintains one proprietary fund. *Enterprise funds* are used to report the same functions presented as *business-type activities* in the district-wide financial statements. The Byram Township Board of Education uses enterprise funds to account for its food service program.

Proprietary funds provide the same type of information as the district-wide financial statements, only in more detail. The proprietary fund financial statements provide information for the local district services operations.

#### MANAGEMENT DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2013 UNAUDITED (continued)

#### **USING THIS ANNUAL REPORT**, (continued)

#### Fiduciary Funds

Fiduciary funds are used to account for resources held for the benefit of parties outside the District. Fiduciary funds are *not* reflected in the district-wide financial statements because the resources of those funds are *not* available to support the Byram Township Board of Education's own programs. The accounting used for fiduciary funds is much like that used for proprietary funds.

#### Notes to the Financial Statements

The notes provide additional information that is essential to a full understanding of the data provided in the district-wide and fund financial statements.

#### Other Information

In addition to the basic financial statements and accompanying notes, this report also presents certain required supplementary information concerning budgetary information for the District's major funds.

Our auditor has provided assurance in his independent auditor's report, located immediately preceding this Management's Discussion and Analysis, that the Basic Financial Statements are fairly stated. Varying degrees of assurance are being provided by the auditor regarding the Required Supplemental Information and the Supplemental Information identified above. A user of this report should read the independent auditor's report carefully to ascertain the level of assurance being provided for each of the other parts in the Financial Section.

#### **DISTRICT-WIDE FINANCIAL ANALYSIS**

The Statement of Net Position provides the perspective of the District as a whole. Net position may, over time, serve as a useful indicator of a government's financial position.

The District's financial position is the product of several financial transactions including the net results of activities, the acquisition and payment of debt, the acquisition and disposal of capital assets and the depreciation of capital assets.

#### MANAGEMENT DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2013 UNAUDITED (continued)

#### **DISTRICT-WIDE FINANCIAL ANALYSIS**, (continued)

The School District's net positions were \$10,954,095.23 at June 30, 2013 and \$10,231,151.05 at June 30, 2012. Restricted items of net positions are reported separately to show legal constraints that limit the School District's ability to use those items for day-to-day operations. Our analysis below focuses on the net position for 2013 compared to 2012 (Table 1) and change in net position (Table 2) of the School District.

#### MANAGEMENT DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2013 UNAUDITED (continued)

#### **DISTRICT-WIDE FINANCIAL ANALYSIS, (continued)**

As reported in the Statement of Activities the cost of all of our governmental and business-type activities this year was \$15,808,914.43. However, the amount that our taxpayers ultimately financed for these activities through School District taxes was only \$11,152,427.00 because some of the cost was paid by those who benefited from the programs \$172,019.19, by other governments and organizations who subsidized certain programs with grants and contributions \$353,960.78, and by miscellaneous sources \$4,853,451.64.

Revenues for the District's business-type activities (food service program) were comprised of charges for services and federal and state subsidy reimbursements. Significant financial results include the following:

- ✓ Food service expenses exceeded revenues by \$33,494.17.
- ✓ Charges for services provided totaled \$158,256.19. This represents amounts paid by consumers for daily food services.
- ✓ Federal and state reimbursement for meals served, including payments for free and reduced priced lunches, and donated commodities was \$74,408.18.

#### MAJOR GOVERNMENTAL FUNDS BUDGETING AND OPERATING HIGHLIGHTS

The School District's budgets are prepared according to New Jersey law, and are based on accounting for certain transactions on a basis of cash receipts, disbursements and encumbrances. The most significant budgeted funds are the general fund and the special revenue fund.

During the fiscal year ended June 30, 2013, the School District amended the budgets of these major governmental funds several times. Revisions in the budget were made to recognize revenues that were not anticipated and/or to prevent over-expenditures in specific line item accounts. Several of these revisions bear notation:

- TPAF, which is the state's contribution to the pension fund, is neither a revenue item nor an expenditures item to the district but is required to be reflected in the financial statements.
- The special revenue fund was increased by \$27,226.63 for increase in federal and local grant awards.

# BYRAM TOWNSHIP BOARD OF EDUCATION BYRAM TOWNSHIP, NJ

# MANAGEMENT DISCUSSION AND ANALYSIS FOR THE FISCAL YEAR ENDED JUNE 30, 2013 UNAUDITED (continued)

# MAJOR GOVERNMENTAL FUNDS BUDGETING AND OPERATING HIGHLIGHTS, (continued)

#### General Fund

The general fund actual revenue was \$15,204,241.29. That amount is \$1,500,230.29 above the final amended budget of \$13,704,011.00. The variance between the actual revenues and final budget was the result of non-budgeted on-behalf payments of \$1,380,086.66 for TPAF pension and social security reimbursements and \$120,143.63 for excesses in other anticipated revenues.

The actual expenditures of the general fund were \$14,617,253.11 including transfers which is \$309,941.00 above the final amended budget of \$14,307,312.11. The variance between the actual expenditures and final budget was due to non-budget on-behalf payments of \$1,380,086.66 for TPAF pension and social security reimbursements and \$1,070,145.66 of unexpended budgeted funds.

General fund had total revenues and other financing sources of \$15,204,241.29 and total expenditures of \$14,617,253.11 with an ending fund balance of \$2,680,135.39 on the budgetary basis of accounting.

#### Special Revenue Fund

The special revenue fund actual revenue was \$269,015.23. That amount is \$5,104.40 less than the final amended budget of \$274,119.63.

The actual expenditures of the special revenue fund were \$269,015.23, which is \$5,104.40 less than the final amended budget of \$274,119.63.

# **CAPITAL ASSETS AND DEBT ADMINISTRATION**

#### Capital Assets

At the end of fiscal year 2013 the School District had \$24,691,693.32 invested in sites, buildings and equipment. Of this amount, \$10,360,060.08 in depreciation has been taken over the years. We currently have a net book value of \$14,331,633.24. Total additions for the year were \$140,021.62, the majority of which was for technology equipment, construction in progress and food service equipment. Table 3 shows fiscal year 2013 balances compared to 2012.

Table 3

For more detailed information, please refer to the Notes to Basic Financial Statements.

#### Outstanding Long-Term Liabilities

At June 30, 2013, the District had \$5,666,689.51 of long-term liabilities. Of this amount, \$263,863.60 is for compensated absences; \$5,136,204.00 is for serial bonds for school construction; \$49,710.34 is for capital leases; \$54,420.57 is for loans payable and \$162,491.00 is for the Early Retirement Incentive Program.

#### For the Future

The 2013-2014 school year realized a slight gain in state aid; however, future funding levels continue to remain uncertain. Obamacare could have a significant negative impact on the Byram Township School District's budget and we are carefully monitoring the situation. We continue to address facility, security and technology needs. The twenty year Safe Program and Small Project loans will be repaid in full in the upcoming school year which will reduce our outstanding debt. Despite economic challenges, we provide all Byram students with a superior education using the resources available.

# CONTACTING THE SCHOOL DISTRICT'S FINANCIAL MANAGEMENT

This financial report is designed to provide our citizens, taxpayers, investors and creditors with a general overview of the School District's finances and to show the School District's accountability for the money it receives. If you have questions about this report or need additional information, contact Theresa Linskey, School Business Administrator/Board Secretary at Byram Township Board of Education, 12 Mansfield Drive, Stanhope, NJ 07874.

# Reconciliation of the Statement of Revenues, Expenditures, and Changes in Fund Balances of Governmental Funds to the Statement of Activities For the Fiscal Year Ended June 30, 2013

Total net change in fund balances - governmental funds (from B-2)	591,533.44
Amounts reported for governmental activities in the statement of activities (A-2) are different because:	
Capital outlays are reported in governmental funds as expenditures. However, in the statement of activities, the cost of those assets is allocated over their estimated useful lives as depreciation expense.  This is the amount by which capital outlays exceeded depreciation in the period.  Depreciation Expense Depreciable Capital Outlays	(575,331.54) 125,101.62 (450,229.92)
Repayment of long-term debt is reported as an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the statement of net assets and is not reported in the statement of activities. In the current year, these amounts consist of:	
Principal Payments on Capital Leases	15,088.60
Principal Payments on Bonds Payable	520,000.00
Principal Payments on Loans Payable	52,632.32
Principal Payments on Early Retirement Program Payable	13,986.00
In the statement of activities, interest on long-term debt in the statement of activities is accrued, regardless of when due. In the governmental funds, interest is reported when due. The accrued interest is a deduction in the reconciliation. The change in the accrual is an adjustment in the reconciliation.	8,641.12
In the statement of activities, certain operating expenses, e.g., compensated absences (vacations) are measured by the amounts earned during the year. In the governmental funds, however, expenditures for these items are reported in the amount of financial resources used (paid). When the earned amount exceeds the paid amount, the difference is reduction in the reconciliation (-); when the paid amount exceeds the earned amount the difference is an addition to the reconciliation (+).  Decrease in Compensated Absences Payable	10,121.79
The governmental funds report the effect of bond premiums when debt is first issued. Whereas these amounts are deferred and amortized in the Statement of Activities. (+)	10,630.00
The governmental funds report the effect of deferred interest when debt is first issued. Whereas these	(0.000.00)
amounts are deferred and amortized in the Statement of Activities. (-)	(8,600.00)
The governmental funds report the effect of issuance costs when debt is first issued. Whereas these	
amounts are deferred and amortized in the Statement of Activities. (-)	(7,365.00)
Change in not position of governmental activities	756,438.35
Change in net position of governmental activities	750,750.55

#### NOTE 1. DESCRIPTION OF THE SCHOOL DISTRICT AND REPORTING ENTITY:

The Board of Education ("Board") of the Township of Byram School District ("District") is an instrumentality of the State of New Jersey, established to function as an educational institution. The Township of Byram School District is a Type II district located in the County of Sussex, State of New Jersey. As a Type II district, the School District functions independently through a Board of Education. The board is comprised of seven members elected to three-year terms. The purpose of the District is to educate students in grades K-8. A superintendent is appointed by the Board and is responsible for the administrative control of the District. Under existing statutes, the Board's duties and powers include, but are not limited to, the development and adoption of a school program; the establishment, organization and operation of schools; and the acquisition, maintenance and disposition of school property.

The Board also has broad financial responsibilities, including the approval of the annual budget and the establishment of a system of accounting and budgetary controls.

The primary criterion for including activities within the District's reporting entity, as set forth in Section 2100 of the GASB <u>Codification of Governmental Accounting and Financial Reporting Standards</u>, is whether:

- the organization is legally separate (can sue or be sued in their own name)
- the Board holds the corporate powers of the organization
- the Board appoints a voting majority of the organization's board
- the Board is able to impose its will on the organization
- the organization has the potential to impose a financial benefit/burden on the Board
- there is a fiscal dependency by the organization on the Board

Based on the aforementioned criteria, the Board has no component units. Furthermore, the Board is not includable in any other reporting entity on the basis of such criteria.

#### **NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES:**

The financial statements of the Board of Education of the Township of Byram School District have been prepared in conformity with accounting principles generally accepted in the United States of America (GAAP) as applied to governmental units. The Governmental Accounting Standards Board (GASB) is the accepted standard-setting body for establishing governmental accounting and financial reporting principles. The more significant of the board's accounting policies are described below.

#### **NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)**

#### A. Basis of Presentation:

The Board's basic financial statements consist of District-wide statements, including a statement of net position and a statement of activities, and fund financial statements which provide a more detailed level of financial information.

#### **District-wide Financial Statements:**

The statement of net position and the statement of activities display information about the Board as a whole. These statements include the financial activities of the overall District, except for the fiduciary funds. The statements distinguish between those activities of the Board that are governmental and those that are considered business-type activities.

The statement of net position presents the financial condition of the governmental and business-type activities of the Board at year-end. The statement of activities presents a comparison between direct expenses and program revenues for each program or function of the governmental activities and for the business-type activities of the Board. Direct expenses are those that are specifically associated with a service, program or department and therefore clearly identifiable to a particular function. Program revenues include charges paid by the recipient of the goods or services offered by the program, grants and contributions that are restricted to meeting the operational or capital requirements of a particular program. Revenues which are not classified as program revenues are presented as general revenues of the Board, with certain limited exceptions. The comparison of direct expenses with program revenues identifies the extent to which each business segment or governmental function is self-financing or draws from the general revenues of the Board.

#### **Fund Financial Statements:**

During the fiscal year, the School District segregates transactions related to certain School District functions or activities in separate funds in order to aid financial management and to demonstrate legal compliance. The fund financial statements provide information about the District's funds, including its fiduciary funds. Separate statements for each fund category - government, proprietary, and fiduciary - are presented. The New Jersey Department of Education (NJDOE) has elected to require New Jersey districts to treat each governmental fund as a major fund in accordance with the option noted in GASB No. 34, paragraph 76. The NJDOE believes that the presentation of all funds as major is important for public interest and to promote consistency among district financial reporting models. The various funds of the Board are grouped into the categories governmental, proprietary and fiduciary.

#### **NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)**

#### A. Basis of Presentation: (continued)

#### **GOVERNMENTAL FUNDS**

Governmental funds are those through which most governmental functions of the Board are financed. Governmental fund reporting focuses on the sources, uses and balances of current financial resources. Expendable assets are assigned to the various governmental funds according to the purposes for which they may or must be used. Current liabilities are assigned to the fund from which they will be paid. The difference between governmental fund assets and liabilities is reported as fund balance. The following are the Board's governmental funds:

**General Fund** - The General Fund is the general operating fund of the Board. It is used to account for all financial resources except those required to be accounted for in another fund. Included are certain expenditures for vehicles and movable instructional or noninstructional equipment which are classified in the Capital Outlay subfund.

As required by the New Jersey State Department of Education, the Board includes budgeted Capital Outlay in this fund. Accounting principles generally accepted in the United States of America as they pertain to governmental entities state that General Fund resources may be used to directly finance capital outlays for long-lived improvements as long as the resources in such cases are derived exclusively from unrestricted revenues.

Resources for budgeted capital outlay purposes are normally derived from State of New Jersey Aid, District taxes and appropriated fund balance. Expenditures are those that result in the acquisition of or additions to fixed assets for land, existing buildings, improvements of grounds, construction of buildings, additions to or remodeling of buildings and the purchase of built-in equipment. These resources can be transferred from and to Current Expense by board resolution.

**Special Revenue Fund -** The Special Revenue Fund is used to account for the proceeds of specific revenue from State and Federal Government, (other than major capital projects, Debt Service or the Enterprise Funds) and local appropriations that are legally restricted to expenditures for specified purposes.

**Capital Projects Fund -** The Capital Projects Fund is used to account for all financial resources to be used for the acquisition or construction of major capital facilities (other than those financed by Proprietary Funds). The financial resources are derived from sale of bonds, lease purchases and other revenues.

**Debt Service Fund** - The debt service fund is used to account for the accumulation of resources for and the payment of principal and interest on bonds issued to finance major property acquisition, construction and improvement programs.

#### **NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)**

#### A. Basis of Presentation:

#### PROPRIETARY FUNDS

The focus of Proprietary Fund measurement is upon determination of net income, changes in net position, financial position and cash flows. The accounting principles generally accepted in the United States of America applicable are those similar to businesses in the private sector. Proprietary funds are classified as enterprise or internal service; the Board has no internal service funds. The following is a description of the Proprietary Funds of the Board:

Enterprise Funds - The Enterprise Funds are utilized to account for operations that are financed and operated in a manner similar to private business enterprises -- where the intent of the Board is that the costs (i.e. expenses including depreciation and indirect costs) of providing goods or services to the students on a continuing basis be financed or recovered primarily through user charges; or, where the Board has decided that periodic determination of revenues earned, expenses incurred, and/or net income is appropriate for capital maintenance, public policy, management control, accountability or other purposes.

The Board's Enterprise Fund is comprised of the Food Service Fund.

#### FIDUCIARY FUNDS

**Fiduciary Fund** - Fiduciary Fund reporting focuses on net position and changes in net position. The Fiduciary Funds are used to account for assets held by the Board on behalf of individuals, private organizations, other governments and/or other funds. Fiduciary Funds include Unemployment Compensation Insurance, Student Activities Fund and Payroll Agency Fund.

#### **B.** Measurement Focus:

#### **District-wide Financial Statements**

The District-wide statements (i.e., the statement of net position and the statement of activities) are prepared using the economic resources measurements focus and the accrual basis of accounting. All assets and liabilities associated with the operation of the Board are included on the statement of net position, except for fiduciary funds.

#### NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

**B.** Measurement Focus: (continued)

#### **Fund Financial Statements**

All governmental funds are accounted for using a flow of current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. The statement of revenues, expenditures and changes in fund balances reports on the sources (i.e., revenues and other financing sources) and uses (i.e., expenditures and other financing uses) of current financial resources. This approach differs from the manner in which the governmental activities of the District-wide financial statements are prepared. Governmental fund financial statements therefore include a reconciliation with brief explanations to better identify the relationship between the government-wide statements and the statements for governmental funds.

Like the District-wide statements, all proprietary fund types are accounted for on a flow of economic resources measurement focus. All assets and all liabilities associated with the operation of these funds are included on the statement of net position. The statement of changes in fund net position presents increases (i.e., revenues) and decreases (i.e., expenses) in net total assets. The statement of cash flows provides information about how the Board finances and meets the cash flow needs of its proprietary activities.

#### C. Basis of Accounting:

Basis of accounting determines when transactions are recorded in the financial records and reported on the financial statements. The District-wide financial statements and the financial statements of the proprietary and fiduciary funds are prepared using the accrual basis of accounting. Governmental funds use the modified accrual basis of accounting. Differences in the accrual and the modified accrual basis of accounting arise in the recognition of revenue, the recording of deferred revenue, and in the presentation of expenses versus expenditures.

# Revenues - Exchange and Non-exchange Transactions

Revenue resulting from exchange transactions, in which each party gives and receives essentially equal value, is recorded on the accrual basis when the exchange takes place. On a modified accrual basis, revenue is recorded in the fiscal year in which the resources are measurable and become available. Available means that the resources will be collected within the current fiscal year or are expected to be collected soon enough thereafter to be used to pay liabilities of the current fiscal year.

# **NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)**

C. Basis of Accounting: (continued)

# Revenues - Exchange and Non-exchange Transactions, (continued)

Nonexchange transactions, in which the Board receives value without directly giving equal value in return, include property taxes, grants, entitlements and donations. On an accrual basis, revenue from property taxes is recognized in the fiscal year for which the taxes are levied. Revenue from grants, entitlements and donations is recognized in the fiscal year in which all eligibility requirements have been satisfied. Eligibility requirements include timing requirements, which specify the year when the resources are required to be used or the year when use is first permitted, matching requirements, in which the Board must provide local resources to be used for a specified purpose, and expenditure requirements, in which the resources are provided to the Board on a reimbursement basis. On a modified accrual basis, revenue from nonexchange transactions must also be available before it can be recognized. Under GAAP, in accordance with GASB No. 33, Accounting and Financial Reporting for Nonexchange Transactions, the last state aid payment is not considered revenue to the school district if the state has not recorded the corresponding expenditure, even though state law dictates recording the revenue.

Under the modified accrual basis, the following revenue sources are considered to be both measurable and available at year-end: ad valorem property taxes, tuition, unrestricted grants and interest.

# Expenses/Expenditures

On the accrual basis of accounting, expenses are recognized at the time they are incurred. The fair value of donated commodities used during the year is reported in the operating statement as an expense with a like amount reported as donated commodities revenue.

The measurement of focus of governmental fund accounting is on decreases in net financial resources (expenditures) rather than expenses. Expenditures are generally recognized in the accounting period in which the related fund liability is incurred, if measurable. Allocations of cost, such as depreciation and amortization, are not recognized in the governmental funds.

#### NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

#### D. Budgets/Budgetary Control:

Annual appropriated budgets are adopted in the spring of the preceding year for the general, and special revenue funds. The budgets are submitted to the county superintendents office for approval. Budgets are prepared using the modified accrual basis of accounting, except for the special revenue fund as described later. The legal level of budgetary control is established at line item accounts within each fund. Line item accounts are defined as the lowest (most specific) level of detail as established pursuant to the minimum chart of accounts referenced in N.J.A.C. 6A:23-2(g)1. Transfers of appropriations may be made by School Board resolution at any time during the fiscal year. The Board of Education did not make any material supplemental budgetary appropriations during the fiscal year.

Formal budgetary integration into the accounting system is employed as a management control device during the year. For governmental funds there are no substantial differences between the budgetary basis of accounting and accounting principles generally accepted in the United States of America with the exception of the legally mandated revenue recognition of the last state aid payment for budgetary purposes only and special revenue fund as noted below. Encumbrance accounting is also employed as an extension of formal budgetary integration in the governmental fund types. Unencumbered appropriations lapse at fiscal year end.

The accounting records of the special revenue fund are maintained on the grant accounting budgetary basis. The grant accounting budgetary basis differs from GAAP in that the grant accounting budgetary basis recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. Sufficient supplemental records are maintained to allow for the presentation of GAAP basis financial reports.

#### E. Encumbrances:

Under encumbrance accounting purchase orders, contracts and other commitments for the expenditure of resources are recorded to reserve a portion of the applicable appropriation. Open encumbrances in governmental funds, other than the special revenue fund, are reported as reservations of fund balances at fiscal year end as they do not constitute expenditures or liabilities but rather commitments related to unperformed contracts for goods and services.

Open encumbrances in the special revenue fund, for which the Board has received advances, are reflected in the balance sheet as deferred revenues at fiscal year end.

The encumbered appropriation authority carries over into the next fiscal year. An entry will be made at the beginning of the next fiscal year to increase the appropriation reflected in the certified budget by the outstanding encumbrance amount as of the current fiscal year end.

#### NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

#### F. Cash, Cash Equivalents and Investments:

Cash and cash equivalents include petty cash, change funds, cash in banks and all highly liquid investments with a maturity of three months or less at the time of purchase and are stated at cost plus accrued interest. U.S. Treasury and agency obligations and certificates of deposit with maturities of one year or less when purchased are stated at cost. All other investments are stated at fair value.

New Jersey school districts are limited as to the types of investments and types of financial institutions they may invest in. New Jersey statute 18A:20-37 provides a list of permissible investments that may be purchased by New Jersey school districts.

Additionally, the Board has adopted a cash management plan that requires it to deposit public funds in public depositories protected from loss under the provisions of the Governmental Unit Deposit Protection Act ("GUDPA"). GUDPA was enacted in 1970 to protect Governmental Units from a loss of funds on deposit with a failed banking institution in New Jersey.

N.J.S.A. 17:9-41 et. seq. establishes the requirements for the security of deposits of governmental units. The statute requires that no governmental unit shall deposit public funds in a public depository unless such funds are secured in accordance with the Act. Public depositories include Savings and Loan institutions, banks (both state and national banks) and savings banks the deposits of which are federally insured. All public depositories must pledge collateral, having a market value at least equal to five percent of the average daily balance of collected public funds, to secure the deposits of Governmental Units. If a public depository fails, the collateral it has pledged, plus the collateral of all other public depositories, is available to pay the full amount of their deposits to the Governmental Units.

#### G. Tuition Revenues/Receivable

Tuition charges were established by the Board of Education based on estimated costs. The charges are subject to adjustment when the final costs have been determined.

#### H. Tuition Payable:

Tuition charges were established by the receiving district. The charges are subject to adjustment when the final costs have been determined.

# **NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)**

#### I. Inventories:

On District-wide financial statements, inventories are presented at cost, which approximates market on a first-in, first-out basis and are expensed when used.

On fund financial statements inventories are valued at cost, which approximates market, using the first-in-first-out (FIFO) method. Inventories of proprietary funds consist of food and goods held for resale, as well as supplies, and are expensed when used.

#### J. Prepaid Items:

Payments made to vendors for services that will benefit periods beyond June 30, 2013, are recorded as prepaid items using the consumption method. A current asset for the prepaid amount is recorded at the time of purchase and an expenditure/expense is reported in the year in which services are consumed.

#### K. Short-Term Interfund Receivables/Payables:

On fund financial statements, receivables and payables resulting from short-term interfund loans are classified as "interfund receivables/payables." These amounts are eliminated in the governmental and business-type activities columns of the statement of net position, except for the net residual amounts due between governmental and business-type activities, which are presented as internal balances.

#### L. Capital Assets:

General capital assets are those assets not specifically related to activities reported in the enterprise fund. These assets generally result from expenditures in the governmental funds. These assets are reported in the governmental activities column of the district -wide statement of net position but are not reported in the fund financial statements. Capital assets utilized by the enterprise fund are reported both in the business-type activity column of the District-wide statement of net position and in the fund.

All capital assets acquired or constructed during the year are recorded at actual cost. Donated fixed assets are valued at their estimated fair market value on the date received. The capital assets acquired or constructed prior to June 30, 1993 are valued at cost based on historical records or through estimation procedures performed by an independent appraisal company. Donated capital assets are valued at their estimated fair market value on the date received. The Board maintains a capitalization threshold of \$2,000.00. The Board does not possess any infrastructure. Improvements are capitalized; the costs of normal maintenance and repairs that do not add to the value of the asset or materially extend an asset's life are not.

#### NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

#### L. Capital Assets: (continued)

All reported capital assets except land and construction in progress are depreciated. Improvements are depreciated over the remaining useful lives of the related capital assets. Depreciation is computed using the straight-line method over the following useful lives:

	Governmental	Business-Type
	Activities	Activity
<u>Description</u>	Estimated Lives	Estimated Lives
Sites and Improvements	20 years	N/A
Buildings and Improvements	7-50 years	N/A
Furniture, Equipment and Vehicles	5-20 years	5-20 years

#### M. Compensated Absences:

Compensated absences are those absences for which employees will be paid, such as vacation, sick leave, and sabbatical leave. A liability for compensated absences that are attributable to services already rendered, and that are not contingent on a specific event that is outside the control of the Board and its employees, is accrued as the employees earn the rights to the benefits. Compensated absences that relate to future services, or that are contingent on a specific event that is outside the control of the Board and its employees, are accounted for in the period in which such services are rendered or in which such events take place.

For the District-wide Statements, the current portion is the amount estimated to be used in the following year. In accordance with GAAP, for the governmental funds, in the Fund Financial Statements, all of the compensated absences are considered long-term and therefore, are not a fund liability and represents a reconciling item between the fund level and District-wide presentations.

#### N. Deferred/Advanced Revenue:

Deferred/advanced revenue arises when assets are recognized before revenue recognition criteria have been satisfied.

Deferred/advanced revenue in the special revenue fund represents cash that has been received but not yet earned. See Note 2(E) regarding the special revenue fund.

#### O. Accrued Liabilities and Long-term Obligations:

All payables, accrued liabilities and long-term obligations are reported in the District-wide financial statements.

#### NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

#### O. Accrued Liabilities and Long-term Obligations: (continued)

In general, governmental fund payables and accrued liabilities that, once incurred, are paid in a timely manner and in full from current financial resources, are reported as obligations of the funds. However, claims and judgements, compensated absences, special termination benefits and contractually required pension contributions that will be paid from governmental funds are reported as a liability in the fund financial statements only to the extent that they are due for payment in the current year. Bonds, long-term obligations, and capital leases that will be paid from governmental funds are recognized as a liability in the fund financial statements when due.

#### P. Fund Balances:

Fund balance is divided into five classifications based primarily on the extent to which the Board is bound to observe constraints imposed upon the resources in the governmental funds. The classifications are as follows:

- Nonspendable fund balance includes amounts that are not in a spendable form (inventory, for example) or are required to be maintained intact (the principal of an endowment fund, for example).
- Restricted fund balance includes amounts that can be spent only for the specific purposes
  stipulated by external resource providers (for example, grant providers), constitutionally,
  or through enabling legislation (that is, legislation that creates a new revenue source and
  restricts its use). Effectively, restrictions may be changed or lifted only with the consent of
  resource providers.
- Committed fund balance includes amounts that can be used only for the specific purposes determined by a formal action of the Board's highest level of decision-making authority. Commitments may be changed or lifted only by the government taking the same formal action that imposed the constraint originally.
- Assigned fund balance comprises amounts *intended* to be used by the Board for specific purposes. Intent can be expressed by the governing body or by an official or body to which the governing body delegates the authority. In governmental funds other than the general fund, assigned fund balance represents the amount that is not restricted or committed. This indicates that resources in other governmental funds are, at a minimum, intended to be used for the purpose of that fund.
- Unassigned fund balance is the residual classification for the general fund and includes all amounts not contained in the other classifications. Unassigned amounts are technically available for any purpose. If another governmental fund has a fund balance deficit, then it will be reported as a negative amount in the unassigned classification in that fund. Positive unassigned amounts will be reported only in the general fund.

#### NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

#### O. Net Position:

Net position represent the difference between assets and deferred outflows of resources and liabilities and deferred inflows of resources. Net position invested in capital assets, net of related debt consists of capital assets, net of accumulated depreciation, reduced by the outstanding balances of any borrowings used for the acquisition, construction or improvement of those assets. Net position are reported as restricted when there are limitations imposed on their use either through the enabling legislation adopted by the Board or through external restrictions imposed by creditors, grantors or laws or regulations of other governments.

The Board applies restricted resources first when an expense is incurred for purposes for which both restricted and unrestricted net position are available.

#### R. Operating Revenues and Expenses:

Operating revenues are those revenues that are generated directly from the primary activity of the proprietary funds. For the Board, these revenues are sales for food service. Operating expenses are necessary costs incurred to provide the good or service that is the primary activity of the fund.

#### S. Extraordinary and Special Items:

Extraordinary items are transactions or events that are both unusual in nature and infrequent in occurrence. Special items are transactions or events that are within the control of the Board and that are either unusual in nature or infrequent in occurrence. Neither type of transaction occurred during the fiscal year.

#### T. Allocation of Indirect Expenses:

The District reports all direct expenses by function in the Statement of Activities. Direct expenses are those that are clearly identifiable with a function. Indirect expenses are allocated to functions but are reported separately in the Statement of Activities. Employee benefits, including the employer's share of social security, workers compensation, and medical and dental benefits, were allocated based on salaries of that program. TPAF on-behalf contributions and changes in compensated absences have not been allocated and have been reported as unallocated benefits on the Statement of Activities. Depreciation expense, where practicable, is specifically identified by function and is included in the indirect expense column of the Statement of Activities. Depreciation expense that could not be attributed to a specific function is considered an indirect expense and is reported separately on the Statement of Activities as unallocated depreciation. Interest on long-term debt is considered an indirect expense and is reported separately on the Statement of Activities.

# NOTE 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES: (continued)

#### **U.** Use of Estimates:

The preparation of financial statements in accordance with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that effect certain reports, amounts and disclosures. Accordingly, actual results could differ from those estimates.

#### V. Recent Accounting Pronouncements:

In August 2011, the Governmental Accounting Standards Board (GASB) issued Statement No. 65 "Items Previously Reported as Assets and Liabilities". This statement, which is effective for fiscal periods beginning after December 15, 2012, is not anticipated to have any effect on the District's financial reporting.

In October 2011, the Governmental Accounting Standards Board (GASB) issued Statement No. 66 "Technical Corrections – 2012 – an amendment of GASB Statements No. 10 and No. 62". This statement, which is effective for fiscal periods beginning after December 15, 2012, amends and supersedes previously issued GASB statements to incorporate guidance that had been included in AICPA and FASB guidance. The statement will have a minimum, but undetermined impact on the proprietary fund financial statements of the District.

In June 2012, the Governmental Accounting Standards Board (GASB) issued Statement No. 67, "Financial Reporting for Pension Plans – an amendment of GASB Statement No. 25". This statement, which is effective for fiscal periods beginning after June 15, 2013, is not anticipated to have any impact on the District's financial reporting.

In June 2012, the Governmental Accounting Standards Board (GASB) issued Statement No. 68, "Accounting and Financial Reporting for Pensions – an amendment of GASB Statement No. 27". This statement, which is effective for fiscal periods beginning after June 15, 2014, is not anticipated to have any impact on the District's financial reporting.

#### **NOTE 3. CASH AND CASH EQUIVALENTS AND INVESTMENTS:**

#### Cash

#### Custodial Credit Risk - Deposits

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The District's policy is based on New Jersey Statutes requiring cash be deposited only in New Jersey based banking institutions that participate in New Jersey Governmental Depository Protection Act (GUDPA) or in qualified investments established in New Jersey Statutes 18A:20-37 that are treated as cash equivalents. As of June 30, 2013, \$-0- of the District's bank balance of \$3,160,791.07 was exposed to custodial credit risk.

#### NOTE 3. CASH AND CASH EQUIVALENTS AND INVESTMENTS: (continued)

#### **Investments**

#### **Investment Rate Risk**

The District does not have a formal investment policy that limits investment maturities as a means of managing its exposure to fair value losses arising from increasing interest rates. However, New Jersey Statutes 18A:20-37 limits the length of time for most investments to 397 days.

#### **Credit Risk**

New Jersey Statutes 18A:20-37 limits school district investments to those specified in the Statutes. The type of allowance investments are Bonds of the United States of America, bonds or other obligations of the school districts or bonds or other obligations of the local unit or units within which the school district is located: obligations of federal agencies not exceeding 397 days; government money market mutual funds; the State of New Jersey Cash Management Plan; local government investment pools; or repurchase of fully collateralized securities.

#### **Concentration of Credit Risk**

The District places no limit on the amount the District may invest in any one issuer.

#### **NOTE 4. RECEIVABLES:**

Receivables at June 30, 2013, consisted of accounts and intergovernmental. All receivables are considered collectible in full. A summary of the principal items of receivables follows:

	Governmental Fund Financial Statements	Enterprise <u>Fund</u>	District Wide Financial Statements
State Aid	\$114,900.49	\$465.99	\$115,366.48
Federal Aid	50,806.60	8,693.57	59,500.17
Other	20,149.26	20,474.50	40,623.76
Interfunds	49,675.97		
Gross Receivables	235,532.32	29,634.06	215,490.41
Less: Allowance for Uncollectibles Total Receivables, Net	\$235,532.32	\$29,634.06	<u>\$215,490.41</u>

## **NOTE 5. INTERFUND BALANCES AND ACTIVITY:**

Balance due to/from other funds at June 30, 2013 consist of the following:

Due to the General Fund from the Special Revenue Fund for short term loans.

\$49,675.97

It is anticipated that all interfunds will be liquidated within the fiscal year.

There were no interfund transfers for the year ended June 30, 2013.

### **NOTE 6. CAPITAL ASSETS:**

Capital asset activity for the fiscal year ended June 30, 2013 was as follows:

	Balance <u>6/30/12</u>	Additions	<u>Deductions</u>	Balance <u>6/30/13</u>
Governmental Activities				
Capital Assets Not Being Depreciated				
Construction in Progress		\$61,200.00		\$61,200.00
Sites (Land)	\$2,136,587.00	***************************************	\$	2,136,587.00

## **NOTE 7. LONG-TERM OBLIGATION ACTIVITY: (continued)**

#### A. Bonds Payable

Bonds are authorized in accordance with State law by the voters of the municipality through referendums. All bonds are retired in serial installments within the statutory period of usefulness. Bonds issued by the Board are general obligation bonds.

Outstanding bonds payable at June 30, 2013 consisted of the following:

<u>Issue</u>	Issue <u>Date</u>	Interest <u>Rates</u>	Date of <u>Maturity</u>	Principal Balance June 30, 2013
\$7,185,000.00 School Refunding Bonds Series 2006	9/15/2006	3.50%-5.00%	3/15/2021	\$5,205,000.00

Principal and interest due on serial bonds outstanding is as follows:

Year Ending			
<u>June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2014	\$550,000.00	\$219,650.00	\$769,650.00
2015	580,000.00	192,150.00	772,150.00
2016	610,000.00	166,050.00	776,050.00
2017	635,000.00	138,600.00	773,600.00
2018	665,000.00	113,200.00	778,200.00
2019-2021	<u>2,165,000.00</u>	<u> 175,800.00</u>	2,340,800.00
	<u>\$5,205,000.00</u>	<u>\$1,005,450.00</u>	\$6,210,450.00

#### B. Bonds Authorized But Not Issued

As of June 30, 2013 the Board has no authorized but not issued bonds.

## **NOTE 7. LONG-TERM OBLIGATION ACTIVITY: (continued)**

## C. Capital Leases

The District is leasing a maintenance vehicle and copiers under capital leases. The following is a schedule of the future minimum lease payments under this capital lease and the net minimum lease payments at June 30, 2013:

Year Ending			
<u>June 30,</u>	Principal	Interest	<u>Total</u>
2014	\$15,237.25	\$2,266.75	\$17,504.00
2015	15,417.09	1,466.91	16,884.00
2016	16,260.67	623.33	16,884.00
2017	2,795.33	<u> 18.67</u>	2,814.00
Total minimum lease payments	<u>\$49,710.34</u>	<u>\$4,375.66</u>	<u>\$54,086.00</u>

#### D. Loans Payable

The District is obligated to repay two low interest loans from the Economic Development Authority. The loans were used to fund the Safe School Program and the Small Projects Program and will be retired through the Debt Service Fund. Principal and interest due on the loans outstanding are as follows:

Year Ending			
<u>June 30,</u>	Principal	<u>Interest</u>	<u>Total</u>
2014	\$54,420.57	\$1,201.24	\$55,621.81

### E. Early Retirement Incentive Program

The District's obligation for principal and interest payments under the Early Retirement Incentive Program (ERIP) is as follows:

Year Ending			
<u>June 30,</u>	<u>Principal</u>	<u>Interest</u>	<u>Total</u>
2014	\$15,139.00	\$13,405.00	\$28,544.00
2015	16,388.00	12,156.00	28,544.00
2016	17,740.00	10,804.00	28,544.00
2017	19,204.00	9,340.00	28,544.00
2018	20,788.00	7,756.00	28,544.00
2019-2021	<u>73,232.00</u>	_12,400.00	<u>85,632.00</u>
	<u>\$162,491.00</u>	<u>\$65,861.00</u>	<u>\$228,352.00</u>

#### **NOTE 8. PENSION PLANS:**

<u>Description of Plans</u> - All required employees of the District are covered by either the Public Employees' Retirement System or the Teachers' Pension and Annuity Fund which have been established by state statute and are administered by the New Jersey Division of Pension and Benefits (Division). According to the State of New Jersey Administrative Code, all obligations of both Systems will be assumed by the State of New Jersey should the Systems terminate. The Division issues a publicly available financial report that includes the financial statements and required supplementary information for the Public Employees Retirement System and the Teachers' Pension and Annuity Fund. These reports may be obtained by writing to the Division of Pensions and Benefits, PO Box 295, Trenton, New Jersey, 08625 or reports can be accessed on the internet at: <a href="http://www.state.nj.us/treasury/pensions/annrpts">http://www.state.nj.us/treasury/pensions/annrpts</a> archive.htm.

<u>Teachers' Pension and Annuity Fund (TPAF)</u> - The Teachers' Pension and Annuity Fund was established as of January 1, 1955, under the provisions of N.J.S.A. 18A:66 to provide retirement benefits, death, disability and medical benefits to certain qualified members. The Teachers' Pension and Annuity Fund is considered a cost-sharing multiple-employer plan with a special funding situation, as under current statute, all employer contributions are made by the State of New Jersey on behalf of the District and the system's other related non-contributing employers. Membership is mandatory for substantially all teachers or members of the professional staff certified by the State Board of Examiners, and employees of the Department of Education who have titles that are unclassified, professional and certified.

<u>Public Employees' Retirement System (PERS)</u> - The Public Employees' Retirement System (PERS) was established as of January 1, 1955 under the provisions of N.J.S.A. 43:15A to provide retirement, death, disability and medical benefits to certain qualified members. The Public Employees' Retirement System is a cost-sharing multiple-employer plan. Membership is mandatory for substantially all full-time employees of the State of New Jersey or any county, municipality, school district, or public agency, provided the employee is not required to be a member of another state-administered retirement system or other state or local jurisdiction.

<u>Defined Contribution Retirement Program (DCRP)</u> - The Defined Contribution Retirement Program (DCRP) was established as of July 1, 2008 under the provisions of Chapter 92, P.L. 2008 and Chapter 103, P.L. 2008 (NJSA 43:15C-1 et seq). The DCRP is a cost-sharing multiple-employer defined contribution pension fund. The DCRP provides eligible members, and their beneficiaries with a tax-sheltered, defined contribution retirement benefit, along with life insurance and disability coverage. Vesting and benefit provisions are established by NJSA 43:15C-1 et seq.

#### **NOTE 8. PENSION PLANS:** (continued)

Contribution Requirements - The contribution policy is set by laws of the State of New Jersey and, in most retirement systems, contributions are required by active members and contributing employers. Plan member and employer contributions may be amended by State of New Jersey legislation. The pension funds provide for employee contributions based on 5.5% for PERS and 5.5% for TPAF of the employee's annual compensation. Pursuant to the provisions of Chapter 78, P.L. 2011, this amount will increase to 6.5% plus an additional 1% phased in over 7 years beginning in the first year. For fiscal year 2012, the member rate will increase in October 2011. The phase in will take place on July 1 of each subsequent fiscal year. Employers are required to contribute at an actuarially determined rate in all Funds except the SACT. The actuarially determined employer contribution includes funding for cost-of-living adjustments and noncontributory death benefits in the PERS and TPAF. In the PERS and TPAF, the employer contribution includes funding for post-retirement medical premiums.

During the year ended June 30, 2013 for TPAF, which is a cost sharing plan with special funding situations, annual pension cost equals annual required contribution. For PERS, which is a cost sharing multi-employer defined benefit pension plan, the annual pension cost differs from the annual required contribution due to the enactment of Chapter 114, P.L. 1997. TPAF employer contributions are made annually by the State of New Jersey to the pension system on behalf of the Board. PERS employer contributions are made annually by the Board to the pension system in accordance with Chapter 114, P.L. 1997.

The Board's contribution to PERS, equal to the required contributions for each year, were as follows:

Year	
<b>Ending</b>	
6/30/13	\$128,628.00
6/30/12	141,652.00
6/30/11	155,121.50

The State of New Jersey contribution to TPAF (paid on-behalf of the District) for normal and post retirement benefits were as follows:

Post-Retirement			
Pension	Medical	NCGI	
<b>Contributions</b>	<b>Contributions</b>	<u>Premium</u>	
\$397,361.00	\$472,954.00	\$20,907.00	
190,265.00	423,527.00	20,418.00	
	441,139.00	20,769.00	
	Contributions \$397,361.00	Contributions         Contributions           \$397,361.00         \$472,954.00           190,265.00         423,527.00	

#### **NOTE 8. PENSION PLANS:** (continued)

During the year ended June 30, 2013, the State of New Jersey contributed \$891,222.00 to the TPAF for pension contributions, NCGI Premium contributions and post-retirement medical benefits on behalf of the Board. Also, in accordance with N.J.S.A. 18A:66-66 the State of New Jersey reimbursed the Board \$488,864.66 during the year ended June 30, 2013 for the employer's share of social security contributions for TPAF members as calculated on their base salaries. These amounts have been included in the district-wide financial statements, and the fund-based statements as revenues and expenditures in accordance with GASB 24.

Legislation enacted during 1993 provides early retirement incentives for certain members of the TPAF and PERS who met certain age and service requirements and who applied for retirement between certain dates in the 1993 fiscal year. The early retirement incentives included: (a) an additional five years of service credit for employees at least age 50 with a minimum of 25 years of service; (b) free health benefits for employees at least 60 years old with at least 20 years of service; and (c) an additional \$500 per month for two years for employees at least age 60 with 10 but less than 20 years of service. The Board offered the early retirement incentive program (ERIP) to its employees for both PERS and TPAF.

#### **NOTE 9. POST-RETIREMENT BENEFITS:**

Chapter 384 of Public Laws 1987 and Chapter 6 of Public Laws 1990 required Teachers' Pension and Annuity Fund (TPAF) and the Public Employees' Retirement System (PERS), respectively, to fund post-retirement medical benefits for those State employees who retire after accumulating 25 years of credited service or on a disability retirement. P.L. 2007, c.103 amended the law to eliminate the funding of post-retirement medical benefits through the TPAF and PERS. It created separate funds outside of the pension plans for the funding and payment of post-retirement medical benefits for retired State employees and retired educational employees. As of June 30, 2012, there were 97,661 retirees eligible for post-retirement medical benefits. The cost of these benefits is funded through contributions by the State in accordance with P.L. 1994 Chapter 62. Funding of post-retirement medical premiums changed from a prefunding basis to a pay-as-you-go basis beginning in fiscal year 1994.

The State is also responsible for the cost attributable to P.L. 1992 Chapter 126, which provides free health benefits to members of PERS and the Alternate Benefit Program who retired from a board of education or county college with 25 years of service. In fiscal year 2012, the State paid \$146.6 million toward Chapter 126 benefits for 16,618 eligible retired members.

#### NOTE 10. SPECIAL PAY DEFERRAL PLAN:

Effective December 19, 2012, the District implemented a Special Pay Deferral Plan in accordance with Section 403(b) of the Internal Revenue Code. This plan will allow employees who are 50 years of age or older and have a minimum accumulated leave of \$1,000 to contribute the value of these benefits to a Tax-Sheltered Custodial Account for distribution after the participant reaches age 70-1/2. Distribution may be made in the form of a line annuity, 50% qualified joint and survivor annuity, installments, or as a lump sum distribution.

#### **NOTE 11. DEFERRED COMPENSATION:**

The Board offers its employees a choice of the following deferred compensation plans created in accordance with Internal Revenue Code Section 403(b). The plans, which are administered by the entities listed below, permits participants to defer a portion of their salary until future years. Amounts deferred under the plans are not available to employees until termination, retirement, death or unforeseeable emergency. The plan administrators are as follows:

American Funds
AXA Equitable
Fidelity Investments
First Investors

Lincoln National Insurance MetLife

VanGuard
Washington National Insurance

Equitable Life Assurance, Inc. is also the plan administrator for the 401(a) plan available to the Superintendent and Business Administrator/Board Secretary. Metropolitan Life is the plan administrator for the District's Internal Revenue Code Section 457 plan.

### **NOTE 12. RISK MANAGEMENT:**

The District is exposed to various risks of loss related to general liability, automobile coverage; theft of, damage to, and destruction of assets; errors and omissions; injuries to employees; and natural disasters. The Board has obtained insurance coverage to guard against these events to minimize the exposure to the District should they occur.

<u>Property and Liability Insurance</u> - The District is currently a member of the School Alliance Insurance Fund (the "Fund"). The Fund provides it's members with General Liability, Auto Liability, Property, Employee Benefits Liability, Worker's Compensation and Employer Liability Insurance. The Fund is a risk-sharing public entity risk pool that is both an insured and self-administered group of School District's established for the purpose of providing low-cost insurance coverage for their respective members in order to keep insurance costs at a minimum. Each member appoints an official to represent their respective entity for the purpose of creating a governing body from which officers for the Funds are elected.

#### **NOTE 12. RISK MANAGEMENT: (continued)**

As a member of the Fund, the District could be subject to supplemental assessments in the event of deficiencies. If the assets of the Funds were to be exhausted, members would become responsible for their respective shares of the Fund's liabilities. However, this Fund has fully reinsured the exposures above all limits subscribed to by its members. The Funds can declare and distribute dividends to members upon arrival of the State of New Jersey Department of Insurance. These distributions are divided among the members in the same ratio as their individual assessment related to the total assessment of the membership body.

Financial Statements for the Fund are available at the office of the Fund's Executive Director, 51 Everette Drive, Suite B-40, West Windsor, New Jersey 08550.

There has been no significant reduction in insurance coverage from the previous year nor have there been any settlements in excess of insurance coverages.

New Jersey Unemployment Compensation Insurance - The District has elected to fund its New Jersey Unemployment Compensation Insurance under the "Benefit Reimbursement Method". Under this plan, the District is required to reimburse the New Jersey Unemployment Trust Fund for benefits paid to its former employees and charged to its account with the State. The District is billed quarterly for amounts due to the State. The following is a summary of District contributions, employee contributions, reimbursements to the State for benefits paid and the ending balance of the District's expendable trust fund for the current and previous two years:

	Interest Earnings/			
	District	<b>Employee</b>	Amount	Ending
<u>Fiscal Year</u>	<b>Contributions</b>	<b>Contributions</b>	<b>Reimbursed</b>	<b>Balance</b>
2012-2013	\$7.77	\$14,032.88	\$34,352.34	\$68,724.88
2011-2012	37.88	14,283.20	65,956.79	89,036.58
2010-2011	225,079.49	12,502.39	119,896.97	140,672.29

#### **NOTE 13. CAPITAL RESERVE ACCOUNT:**

A capital reserve account was established by the Township of Byram Board of Education during the fiscal year ending June 30, 1996, for the accumulation of funds for use as capital outlay expenditures in subsequent fiscal years. The capital reserve account is maintained in the general fund and its activity is included in the general fund annual budget.

#### NOTE 13. CAPITAL RESERVE ACCOUNT: (continued)

Funds placed in the capital reserve account are restricted to capital projects in the district's approved Long Range Facilities Plan (LRFP). A district may increase the balance in the capital reserve by appropriating funds in the annual general fund budget certified for taxes or by transfer by board resolution at year end of any unanticipated revenue or unexpended line-item appropriation amounts, or both. A district may also appropriate additional amounts when the express approval of the voters has been obtained either by a separate proposal at budget time or by a special question at one of the four special elections authorized pursuant to *N.J.S.A.* 19:60-2. Pursuant to N.J.A.C. 6A:23A-14.1(g), the balance in the account cannot at any time exceed the local support costs of uncompleted capital projects in its approved LRFP.

The activity of the capital reserve for the July 1, 2012 to June 30, 2013 fiscal year is as follows:

Beginning balance, July 1, 2012

\$1,145,910.23

Deposit - Board Resolution June, 2013

\$485,000.00

Interest Earned \_\_\_\_\_\_\_0

485,000.01

Ending balance, June 30, 2013

\$<u>1,630,910.24</u>

The balance in the capital reserve account at June 30, 2013 does not exceed the balance of local support costs of uncompleted capital projects in its LFRP. Withdrawals from the capital reserve, where applicable, are for use in a DOE approved facilities project, consistent with the District's Long Range Facilities Plan.

#### **NOTE 14. FUND BALANCE APPROPRIATED:**

General Fund [Exhibit B-1] - Of the \$2,362,534.39 General Fund fund balance at June 30, 2013, \$544,461.10 is reserved for encumbrances; \$1,630,910.24 has been reserved in the Capital Reserve Account; \$150,000.00 has been appropriated and included as anticipated revenue for the year ended June 30, 2014; and \$37,163.05 is unreserved and undesignated.

**<u>Debt Service Fund</u>** - Of the \$1.22 Debt Service Fund fund balance at June 30, 2013, \$1.00 has been appropriated and included as anticipated revenue for the year ending June 30, 2014; and \$.22 is unreserved and undesignated.

#### **NOTE 15. CALCULATION OF EXCESS SURPLUS:**

In accordance with N.J.S.A. 18A:7F-7 as amended, the designation for Reserved Fund Balance - Excess Surplus is a required calculation pursuant to the New Jersey Comprehensive Educational Improvement and Financing Act of 1996 (CEIFA). New Jersey school districts are required to reserve General Fund fund balance at the fiscal year end of June 30 if they did not appropriate a required minimum amount as budgeted fund balance in their subsequent years' budget. The District did not have any excess surplus at June 30, 2013.

#### **NOTE 16. INVENTORY:**

Inventory in the Food Service Fund at June 30, 2013 consisted of the following:

Food	\$4,906.60
Supplies	1,010.60

\$5,917.20

The United States Department of Agriculture (USDA) commodity portion of the Food Service Fund inventory consists of food donated by USDA. It is valued at estimated market prices by USDA. The amount of unused commodities at year end is reported on Schedule A as deferred revenue.

#### **NOTE 17. CONTINGENT LIABILITIES:**

<u>Grant Programs</u> - The school district participates in federally assisted grant programs. These programs are subject to program compliance audits by the grantors or their representatives. The school district is potentially liable for expenditures which may be disallowed pursuant to the terms of these grant programs. Management is not aware of any material items of noncompliance which would result in the disallowance of program expenditures.

<u>Litigation</u> - The District is a party defendant in some lawsuits, none of a kind unusual for a school district of its size and scope of operation. The District estimates that any potential claims against the District not covered by insurance policies would not materially affect the financial condition of the District.

#### **NOTE 18. SUBSEQUENT EVENTS:**

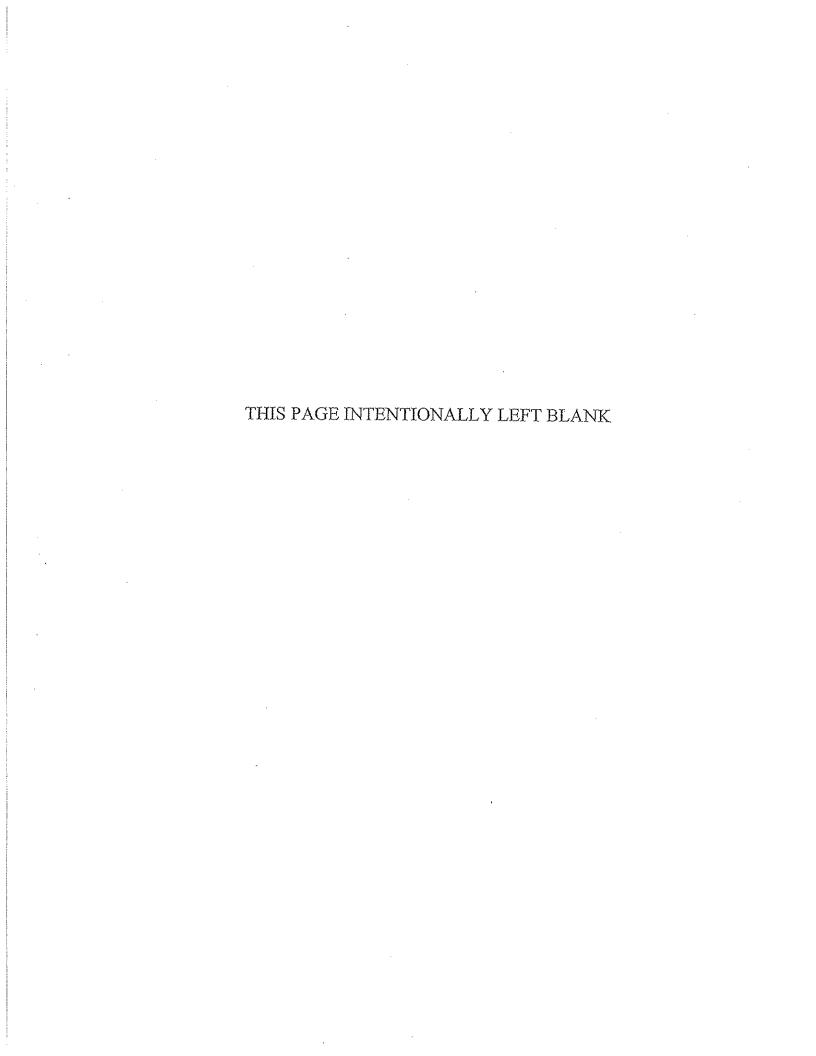

The Board has evaluated subsequent events through September 3, 2013, the date which the financial statements were available to be issued and no other items were noted for disclosure.

Required Supplementary Information Budgetary Comparison Schedule Note to Required Supplementary Information For the Fiscal Year Ended June 30, 2013

# Note A - Explanation of Differences between Budgetary Inflows and Outflows and GAAP Revenues and Expenditures

		General Fund	Special Revenue Fund
Sources/inflows of resources		-	
Actual amounts (budgetary basis) "revenue"			
from the budgetary comparison schedule	[C-1]&[C-2]	15,204,241.29	269,015.23
Difference - budget to GAAP:			
Grant accounting budgetary basis differs from GAAP in that encumbrances are recognized as expenditures, and the related			
revenue is recognized.			
Current Year			(450.63)
Prior Year			(,
The last State aid payment is recognized as revenue for budgetary			
purposes in the General Fund, and differs from GAAP which			
does not recognize this revenue until the subsequent year when			
the State recognizes the related expense (GASB 33).  State aid payment recognized for budgetary purposes, not recognized			
for GAAP statements until the subsequent year.		(317,601.00)	
tot GAM Satemone and allo subsequent year.		(21,1001,00)	
State aid payment recognized for GAAP statements in the current			
year, previously recognized for budgetary purposes.		322,146.00	
Total revenues as reported on the statement of revenues, expenditure			
and changes in fund balances - governmental funds.	[B-2]	15,208,786.29	268,564.60
Uses/outflows of resources			
Actual amounts (budgetary basis) "total outflows" from the	[C-1]&[C-2]	14,617,253.11	269,015.23
budgetary comparison schedule Differences - budget to GAAP	[C-1]&[C-2]	14,017,233.11	209,013.23
Encumbrances for supplies and equipment ordered but			
not received are reported in the year the order is placed for			
budgetary purposes, but in the year the supplies are received			
for financial reporting purposes.		N/A	
Current Year			(450.63)
Prior Year

Source: Sussex County, Abstract of Ratables and Municipal Tax Assessor

Note: Real property is required to be assessed at some percentage of true value (fair or market value) established by each County Board of Taxation.

Reassessment occurs when County Board of Taxation requests Treasury to order a reassessment.

a Taxable Value of Machinery, implements and Equipment of Telephone, Telegraph and Messenger System Companies.

b Tax rates are per \$100 of assessed value.

 GASB requires that ten years of statistical data be presented. However, since fiscal year 2005 was the first year of GASB 34 implementation ten years is not presented. Each year thereafter, an additional year will be included until ten years of data is presented.

Details regarding the district's outstanding debt can be found in the notes to the financial statements. Notes:

a See Exhibit NJ J-6 for property tax data. b Population data can be found in Exhibit J-14.

Deductions are allowable for resources that are restricted to repaying the principal of debt outstanding.

GASB 34 implementation ten years is not presented. Each year thereafter, an additional year will be included until ten \* GASB requires that ten years of statistical data be presented. However, since fiscal year 2005 was the first year of years of data is presented.

# Direct and Overlapping Governmental Activities Debt BYRAM TOWNSHIP SCHOOL DISTRICT As of June 30, 2013

<u>Governmental Unit</u>	Debt Outstanding (1)	Estimated Percentage Applicable <sup>a</sup>	Estimated Share of Overlapping Debt
Debt repaid with property taxes			
Byram Township	\$ 3,252,274	100.000%	\$ 3,252,274
Other debt Sussex County General Obligation Debt	78,366,014	5.41112%	4,240,482
Subtotal, overlapping debt			7,492,756
Byram Township School District Direct Debt			5,259,421
Total direct and overlapping debt			\$ 12,752,177

Sources: Assessed value data used to estimate applicable percentages provided by the Sussex County Board of Taxation. Debt outstanding data provided by each governmental unit. Overlapping governments are those that coincide, at least in part, with the geographic boundaries of the District. Note:

businesses of Byram Township. This process recognizes that, when considering the District's ability to issue and repay long-term debt, the This schedule estimates the portion of the outstanding debt of those overlapping governments that is borne by the residents and entire debt burden borne by the residents and businesses should be taken into account. However this does not imply that every taxpayer is a resident, and therefore responsible for repaying the debt, of each overlapping payment.

For debt repaid with property taxes, the percentage of overlapping debt applicable is estimated using taxable assessed property values. Applicable percentages were estimated by determining the portion of another governmental unit's taxable value that is within the district's boundaries and dividing it by each unit's total taxable value.

(1) Debt Information as of December 31, 2012.

INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN ACCORDANCE WITH GOVERNMENT AUDITING STANDARDS

Honorable President and Members of the Board of Education Byram Township School District County of Sussex, New Jersey

We have audited, in accordance with auditing standards generally accepted in the United States of America; audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey; and the standards applicable to financial audits contained in Government Auditing Standards, issued by the Comptroller General of the United States, the financial statements of the governmental activities, the business-type activities and each major fund and the aggregate remaining fund information of the Board of Education of the Byram Township School District, in the County of Sussex, New Jersey, as of and for the year ended June 30, 2013, and the related notes to the financial statements, which collectively comprise the District's basic financial statements, and have issued our report thereon dated September 3, 2013.

## Internal Control Over Financial Reporting

In planning and performing our audit on the financial statements, we considered the Byram Township Board of Education's internal control over financial reporting (internal control) to determine the audit procedures that are appropriate in the circumstances for the purpose of expressing our opinions on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the Byram Township Board of Education's internal control. Accordingly, we do not express an opinion on the effectiveness of the Byram Township Board of Education's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A material weakness is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected on a timely basis. A significant deficiency is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

#### Compliance and Other Matters

As part of obtaining reasonable assurance about whether the Byram Township Board of Education's financial statements are free of material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under Government Auditing Standards or the audit requirements as prescribed by the Office of School Finance, Department of Education, State of New Jersey.

We noted certain matters that were required to be reported to the Board of Education of the Byram Township School District in the separate Auditors' Management Report on Administrative Findings - Financial, Compliance and Performance dated September 3, 2013.

## Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

# INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE WITH REQUIREMENTS APPLICABLE TO EACH MAJOR PROGRAM AND INTERNAL CONTROL OVER COMPLIANCE IN ACCORDANCE WITH OMB CIRCULAR A-133 AND N.J. OMB CIRCULAR 04-04

Honorable President and Members of the Board of Education Byram Township School District County of Sussex, New Jersey

#### Report on Compliance for Each Major Federal and State Program

We have audited the Board of Education of the Township of Byram School District in the County of Sussex, New Jersey, compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplements* and the New Jersey State Aid/Grant Compliance Supplement that could have a direct and material effect on each of the Byram Township Board of Education's major federal and state programs for the year ended June 30, 2013. The Byram Township Board of Education's major federal and state programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

## Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal and state programs.

#### Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of the Byram Township Board of Education's major federal and state programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations* and Single Audit Policy for Recipients of Federal Grants, State Grants and State Aid. Those standards, OMB Circular A-133 and N.J. OMB Circular 04-04 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct

and material effect on a major federal and state program occurred. An audit includes examining, on a test basis, evidence about the Byram Township Board of Education's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our provides a reasonable basis for our opinion on compliance for each major federal and state program. However, our audit does not provide a legal determination of the Byram Township Board of Education's compliance.

## Opinion on Each Major Federal and State Program

In our opinion, the Byram Township Board of Education complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal and state programs for the year ended June 30, 2013.

## **Report on Internal Control Over Compliance**

Management of the Byram Township Board of Education is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered the Byram Township Board of Education's internal control over compliance with the type of requirements that could have a direct and material effect on each major federal and state program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal and state program and to test and report on internal control over compliance in accordance with OMB Circular A-133 and N.J. OMB Circular 04-04, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Byram Township Board of Education's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, noncompliance with a type of compliance requirement of a federal and state program on a timely basis. A material weakness in internal control over compliance is a deficiency, or combination of deficiencies, in internal control over compliance, such that there is a reasonable possibility that material noncompliance with a type of compliance requirement of a federal and state program will not be prevented, or detected and corrected, on a timely basis. A significant deficiency in internal control over compliance is a deficiency, or a combination of deficiencies, in internal control over compliance with a type of compliance requirement of a federal and state program that is less severe than a material weakness in internal control over compliance, yet important enough to merit attention by those charged with governance.

Our consideration of internal control over compliance was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control over compliance that might be material weaknesses or significant deficiencies. We did not identify any deficiencies in internal control over compliance that we consider to be material weaknesses. However, material weaknesses may exist that have not been identified.

The purpose of this report on internal control over compliance is solely to describe the scope of our testing of internal control over compliance and the results of that testing based on the requirements of OMB Circular A-133 and N.J. OMB Circular 04-04. Accordingly, this report is not suitable for any other purpose.

## Report on Schedule of Expenditures of Federal and State Awards Required by OMB Circular A-133

We have audited the financial statements of the Byram Township Board of Education as of and for the year ended June 30, 2013, and have issued our report there dated September 3, 2013 which contained an unmodified opinion on those financial statements. Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The accompanying schedule of expenditures of federal and state awards is presented for purposes of additional analysis as required by OMB Circular A-133 and N.J. OMB Circular 04-04 and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of expenditure of federal and state awards is fairly stated in all material respects in relation to the financial statements as a whole.

Township of Byram School District Notes to the Schedules of Expenditures of Federal Awards and State Financial Assistance June 30, 2013

#### NOTE 1. GENERAL

The accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance include the activity of all federal and state award programs of the Board of Education, Township of Byram School District. The Board of Education is defined in Note 1 to the Board's basic financial statements. All federal and state awards received directly from federal and state agencies, as well as federal and state awards passed through other government agencies is included on the Schedules of Expenditures of Federal Awards and State Financial Assistance.

#### NOTE 2. BASIS OF ACCOUNTING

The accompanying Schedules of Expenditures of Federal Awards and State Financial Assistance are presented on the budgetary basis of accounting with the exception of programs recorded in the food service fund, which are presented using the accrual basis of accounting. These bases of accounting are described in Notes 2(C) and 2(D) to the Board's basic financial statements. The information in these schedules is presented in accordance with the requirements of OMB Circular A-133, "Audits of States, Local Governments, and Non-Profit Organizations." Therefore, some amounts presented in this schedule may differ in amounts presented in or used in the preparation of the basic financial statements.

#### NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS

The basic financial statements present the general fund and the special revenue fund on a GAAP basis. Budgetary comparison statements or schedules (RSI) are presented for the general fund and special revenue fund to demonstrate finance-related legal compliance in which certain revenue is permitted by law or grant agreement to be recognized in the audit year, whereas for GAAP reporting, revenue is not recognized until the subsequent year or when expenditures have been made.

The general fund is presented in the accompanying schedules on the modified accrual basis with the exception of the revenue recognition of the last state aid payment in the current budget year, which is mandated pursuant to N.J.S.A. 18A:22-44.2. For GAAP purposes, that payment is not recognized until the subsequent budget year due to the state deferral and recording of the last state aid payment in the subsequent year. The special revenue fund is presented in the accompanying schedules on the grant accounting budgetary basis which recognizes encumbrances as expenditures and also recognizes the related revenues, whereas the GAAP basis does not. The special revenue fund also recognizes the last state aid payment in the current budget year, consistent with N.J.S.A. 18A:22-44.2.

#### NOTE 3. RELATIONSHIP TO BASIC FINANCIAL STATEMENTS, (continued)

The net adjustment to reconcile from the budgetary basis to the GAAP basis is \$4,545.00 for the general fund and \$0.00 for the special revenue fund. See Notes to Required Supplemental Information for a reconciliation of the budgetary basis to the modified accrual basis of accounting for the general and special revenue funds. Awards and financial assistance revenues are reported in the Board's financial statements on a GAAP basis as follows:

	<u>Federal</u>	<u>State</u>	<u>Total</u>
General Fund	\$22,806.00	\$4,768,481.46	\$4,791,287.46
Special Revenue Fund	263,564.60		263,564.60
Debt Service Fund		10,988.00	10,988.00
Food Service Fund	<u>51,911.07</u>	<u>2,022.61</u>	53,933.68
Total Awards and Financial	<u>\$338,281.67</u>	<u>\$4,781,492.07</u>	\$5,119,773.74

#### NOTE 4. RELATIONSHIP TO FEDERAL AND STATE FINANCIAL REPORTS

Amounts reported in the accompanying schedules agree with the amounts reported in the related federal and state financial reports.

#### NOTE 5. FEDERAL AND STATE LOANS OUTSTANDING

Byram Township School District had the following loan balances outstanding at June 30, 2013:

Loan Program Title	Amount <u>Outstanding</u>
Safe Schools Program Small Projects Program	\$12,547.43 _41,873.14
	<u>\$54,420.57</u>

#### NOTE 6. OTHER

The amount reported as TPAF Pension Contributions represents the amount paid by the state on behalf of the District for the year ended June 30, 2013. The amount reported as TPAF Social Security Contributions represents the amount reimbursed by the state for the employer's share of social security contributions for TPAF members for the year ended June 30, 2013.
